MSK Direct Program Overview

- Who's covered?
 - Brookfield medical plan members (employees & covered dependents) in the Aetna or HMSA Hawaii plans
 - Even if you aren't on a Brookfield medical plan, employees and their family members have access to the program (pending insurance verification with your insurance company)
- Cost - Patients are responsible only for the standard copays, coinsurance, and deductibles for the medical services received from MSK. MSK is an in-network provider for Brookfield medical plans

What is MSK Direct?

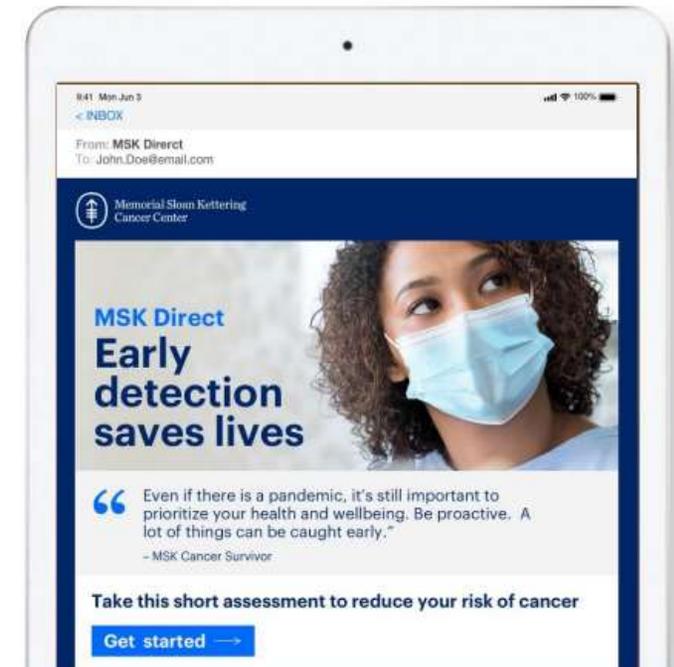

A comprehensive benefit solution, delivering MSK's world-class care to Brookfield employees and their families, **wherever they are**

- Dedicated access and continuous member support
- Ongoing collaboration between MSK doctors, patients, and their local doctors
- From prevention through diagnosis and ongoing treatment

- What's Provided?
 - All participants
 - Virtual care
 - On-site at an MSK facility
- **All program participants receive:**
 - Overall well-being support:
 - Screening and prevention resources
 - Personalized risk assessments
 - Informational webinars to help you reduce your risk for cancer
 - Accurate and comprehensive diagnosis and treatment plans
 - Clinical trials access*
 - MSK-IMPACT™ genomic testing**
 - Personalized treatment planning and care
 - Continuous support throughout the cancer journey

*Dependent on availability and fit

**If clinically appropriate

- ***Virtual care close to home includes:***
 - A comprehensive diagnosis from pathologists and radiologists specialized in your specific type of cancer, based on tissue samples, original imaging, and genetic testing (when clinically appropriate)
 - A recommendation for the best hospitals close to where you live, using a proprietary tool only available from MSK
 - A treatment plan informed by a multidisciplinary team that may include subspecialized MSK medical, surgical, and radiation oncologists
 - Education and support to help identify clinical trials that could open up new treatment options
 - Expert care through phone or video consultations between you, your MSK doctors, and your local doctors at key decision points in your care

MSK Direct Program Overview

- ***On-site care at MSK (NY & NJ area) – the MSK Direct team will assist you and your care team with:***
 - Scheduling an initial appointment at your convenience, as quickly as within two days
 - Gathering all necessary medical records
 - Meeting you at the first appointment to provide support, logistical assistance, and introductions to your care team
 - Remain a resource throughout your course of care at MSK
