

What Hinge Health can do for you

October 6, 2022

today's agenda

- 01 Find your fifteen
- 02 Who we help
- 03 How we treat
- 04 What to expect
- 05 FAQs
- 06 Q&A

01

find your fifteen

Improving your ergonomic setup while working from home

Sitting in a chair

Place feet flat on the floor and leave space between the chair and your knees to support the lower back.

Chair back support

Place a rolled towel or pillow at the lower back to provide support.

Wrist position

Position the keyboard so the wrists are in a neutral position while typing.

Preventing joint stiffness

Work from both standing and sitting positions. Change positions throughout the day.

02

who we help

WHO WE HELP

Meet Lenell, a 45 year-old county clerk

Lenell wanted a better alternative to her current treatment

Lenell had persistent knee pain for the last 4-5 years. It was so bad she couldn't put socks on.

WHO WE HELP

Meet Luis, a 38 year-old sales executive

**Luis had persistent neck pain,
followed by an ankle injury**

Luis experienced neck pain which he attributed to his new work-from-home schedule. He also has a recent ankle injury from running.

WHO WE HELP

Help when you need it

No two journeys are the same

Care for a recent
or past injury

Prepping for an
upcoming surgery

Recovering
from surgery

Desire for building
healthy habits

You are not alone

of American adults experience persistent joint pain per year¹

with back & joint pain are experiencing new or increased pain due to remote work's sedentary lifestyle²

Source: ¹ boneandjointburden.org, ² Hinge Health Survey Report: New Health Risks in the Remote Workplace, 2020.

Questions to ask yourself

- 1 How is my back & joint pain affecting my mood and quality of sleep?
- 2 Can I miss half a work day to visit a physical therapist or another care provider?
- 3 How much will my treatment cost? (doctor visits, imaging, medications, etc.)

03

3. Begin Program

- Login to the app and begin the Hinge Health program
- Set up an initial call with a member of your care team

05

FAQs

FAQs

Question	Answer
How do I enroll?	You can sign up at hingehealth.com/brookfield/webinar .
How much does the program cost?	Provided at no cost for all employees and dependents 18+ enrolled in a Brookfield medical plan through Aetna.
Can I join the program if I don't have any pain?	Yes, we have a Wellness program for participants who aren't currently suffering from any pain. The program includes a customized exercise plan.
What is a health coach and how can they help me?	In some of our programs, you will receive 1:1 health coaching. A health coach is an accountability partner. They will work 1:1 with you throughout the program to help you create and stick with your goals. You will have a monthly call with them and they will check-in with you each week.
Can I do more than one program at the same time?	Participants are unable to do multiple programs simultaneously. We recommend selecting the part of the body you would like to work on first. Once you complete the first 12-weeks, we will be happy to have you on another program.
What if my doctor has told me that I can't do specific movements?	The program is designed to meet you where you are, we provide modifications and education on how to pace yourself during your activities so you can succeed.

Feel free to reach out to us at hello@hingehealth.com or to call **(855) 902-2777** if you have additional questions.
